Don't worry about flashing a "tin grin" every time you smile.

Here's something to smile about. Clarity™ Braces are translucent for a more natural look.

See the difference! Clarity braces are less visible.

**FOR KIDS,
THE CHOICE
IS CLEAR.**

Clarity™ Braces perform
as good as they look.

- No staining or
discoloration
- Lets your smile
show through

The choice is yours. Ask
your orthodontist today!

- Ask your orthodontist for instructions on the safe
use of your Clarity braces.
- Clarity braces contain nickel and chromium. Tell your
orthodontist if you are allergic to nickel or chromium.
